

GERMANS COMMENCE AN  
OFFENSIVE NEAR YPRESSEVERE ENGAGEMENT HAS TAKEN  
TAKEN PLACE IN FLANDERS

Official Reports are so Contradictory That the Actual Result of the Preliminary Fighting is Unknown—Fighting is Reported in Woevre.

London, April 23.—(10:20 p. m.)—With a big battle developing near Ypres in Flanders and reports of a prospective naval engagement in the North Sea and of preparations for the commencement of a combined naval and military attack on the Dardanelles or some other vital spot in Turkey, the people of Europe are highly expectant. Of these three anticipated events only one has actually reached fulfillment—the battle near Ypres. That a severe engagement has taken place in this part of Flanders is confirmed by the official reports, but these are so contradictory in their claims, that the actual result of the preliminary fighting is not known.

Drive Allies Back to Canal. To those outside the war offices of the belligerent nations it would appear however, that following their loss of Hill sixty and their failure after repeated attempts to recapture it, the Germans have commenced an offensive from the northeast against the Anglo-French line in front of Ypres, which was the scene of such bloody battles last autumn and also against the Belgian line farther west. The Germans claim that, with a rush they drove the allies back to the Ypres canal, taking 1,600 British and French prisoners and a number of guns. The French account admits that the allies had to fall back, but it states that this was due to the use by the Germans of asphyxiating gas bombs. Paris asserts that in counter attacks the allies took many German prisoners and that the Belgians repulsed attacks launched against them. It is believed here that these operations are only the commencement of another battle of Ypres.

Although a despatch received from Holland tonight gives a rumor that the Germans are about to fall back to the Liege line in order to have troops ready for possible use against Italy should Italy join the allies it is considered more likely in military circles here that the Germans will give battle where they are, preferring to be the first to attack, having learned from past experiences that it is difficult to hold the positions when a heavy cannonading is directed against them.

Report Fighting in the Woevre. Fighting is reported in the Woevre and here also both the Germans and French claim successes. The French in this region seemingly still are on the offensive and apparently determined to attempt further to squeeze the German wedge which has its apex at St. Mihiel.

The prediction of a naval battle in the North Sea, which is based on reports from Scandinavia of activity by the warships, the prohibition of shipping between England and Holland by the admiralty and the announcement from the German admiralty that the German high seas fleet has several times lately been out in the North Sea without encountering British ships, are incidents of the war that are calling forth much discussion.

Hear Firing in Dardanelles. The only news from the Aegean sea comes from Athens and Greek Islands. It is to the effect that firing is heard at times in the vicinity of the Dardanelles and Smyrna and also in the Gulf of Saros where it is declared the allies have made a landing in the vicinity of the Turkish port of Enos.

There again have been reports of Zeppelin airships making their appearance along the northeast coast of England. These reports lack confirmation. No bombs have been dropped on the coast towns and it is thought probable that if Zeppelins have again been along the North Sea coast it was for the purpose of reconnoitering for the German fleet.

BREAKING OF CABLE HALTS  
RAISING OF SUBMARINE F-4

WASHINGTON, April 23.—Another temporary suspension of operations to raise the sunken submarine F-4, due to the breaking of a cable was announced in a cablegram to the navy department tonight from Rear-Admiral Moore at Honolulu. The message said: "After lifting eight feet and moving 60 to 75 feet toward shore one cable to the F-4 parted. Will be replaced and continue operations soon as possible."

ITALY DETAINS STEAMER. Berne, Switzerland, April 23.—(via Paris, 4:15 p. m.)—Signor Contesso, general manager for the United Italian Steamship companies who is at present in Berne, said today that the Italian steamer, America, did not get away from Genoa for New York recently because she had been detained by order of the government.

BEGIN SYSTEMATIC PLAN FOR  
RELIEF OF FLOOD SUFFERERS

Bodies of Fourteen Persons Drowned at Austin, Texas, are Recovered—Eleven are Still Missing—Place Property Loss at \$500,000.

Austin, Tex., April 23.—With the bodies of fourteen persons drowned here last night recovered, eleven persons missing and rescuing parties still at work among the ruins of 200 homes that were swept away by yesterday's rain and wind storm, the citizens of Austin this afternoon began a systematic plan for the relief of the sufferers. Property loss is estimated at \$500,000. Temporary quarters were provided tonight for all whose homes had been swept away or are not habitable and food and clothing is being furnished. The identified dead include fourteen persons—nine whites, of whom three were Mexican and five negroes.

The white persons drowned are: A. E. Young, Thomas Quinn, Geo. B. Holmes, Miss Ellen King, Mrs. Charles R. Winkler and Mariah Virginia Ezell. Twenty bridges were swept away and paved streets were ruined. Ten inches of rain fell in two hours last night and torrents of water poured into the homes of people living in lowlands before the alarm could be given. The body of Mrs. Charles R. Winkler was carried sixteen miles down the river by the force of the flood. Among the missing is George Whittington, son of A. G. Whittington of Houston, vice-president of the International and Great Northern railroad. He and a companion were camping on a river when the flood came. When they realized that they were about to be overwhelmed they began to swim for higher ground. The companion escaped but Whittington has not been seen since.

FLEET'S WAR GAME WILL HAVE  
GREATER AMOUNT OF REALISM

Plans are Worked out by the General Board and the Naval War College Instead of by the Commander-in-Chief and His Staff.

Washington, April 23.—The war game to be enacted by the Atlantic fleet in Narragansett Bay next month will have a greater amount of realism than such exercises in the past. The plans have been worked out by the general board and the naval war college, instead of by the commander-in-chief and his staff, as usual. So Admiral Fletcher will have only such knowledge of the imaginary enemy as he could gain of a real enemy in time of war.

Secretary Daniels in signing the necessary orders for the war game today said the plans worked out by the war college and general board had been recommended by Read-Admiral Bradley A. Fiske, retired aide for operations. Mr. Daniels thinks the game as played according to the new plans will be more instructive and will mark the beginning of a new policy in developing the strategic studies and exercises of the navy. A collateral and very important effect of the new plan, said the secretary tonight, will be that the general board and especially its planning section will become more and more experienced in the making of war plans and plans of campaign. So that, not only will their plans be more comprehensively laid and have a greater consistency and sequence but the experience gained by the board will develop to a high degree of skill a body of officers who, if war should suddenly come, will already have the training to make them the skilled advisers to secretary for the conduct of the war.

TO RE-OPEN HEARING CONCERNING  
COLORADO COAL MINERS' STRIKE

Information contained in Letters Between Rockefeller and Officers of Company Cause Announcement.

Kansas City, Mo., April 23.—Information contained in letters and telegrams passing between John D. Rockefeller, Jr. and officers of the Colorado Fuel & Iron company, made public here tonight by Frank P. Walsh, chairman of the federal industrial relations commission, caused Mr. Walsh to announce that the hearing concerning the coal miners strike in Colorado would be re-opened and Mr. Rockefeller recalled to the witness stand.

Besides Mr. Rockefeller there will be called to testify J. F. Welborn, president of the Colorado Fuel & Iron company, L. M. Bowers, chairman of the company's executive committee and Ivy Lee, Mr. Rockefeller's publicity agent. The hearing will open in Washington, May 4th, Mr. Walsh said.

"The commission has today made as a part of its record," Mr. Walsh said tonight, "a mass of correspondence not only showing that the Rockefeller were in constant touch with every phase of the Colorado Coal strike situation but they knew the strike was coming and were prepared for it."

"Mr. Rockefeller testified at the hearing of the commission in New York and also before the congressional investigating committee that he had kept his hands off the strike situation and had no knowledge of conditions in the coal fields. The letters and telegrams which we have today filed in the record make it plain that every step taken by the Rockefeller agents in Colorado in the strike was taken with the knowledge and assent of Mr. Rockefeller."

WOULD REPEAL TAX FOR  
ILLINOIS UNIVERSITYHUBBARD STARTS MOVE TO OBTAIN  
ACTION ON BILL NEXT WEEK

Measure Promises to Precipitate one of the Most Bitter Fights of the Session—To Hold Hearing on Waterway Bill Today.

THE LEGISLATIVE DAY. House. Met at 10 a. m. Introduced and advanced bills. Adjourned at noon until 5 p. m. Monday. Senate. Met at 10 a. m. Held perfunctory session. Adjourned until 10 a. m. Tuesday.

Springfield, Ill., April 23.—Representative W. A. Hubbard of Carrollton started a movement today to obtain action next week upon his bill repealing the one-mill tax law for the benefit of the University of Illinois. The measure promises to precipitate one of the most bitter fights of the session.

Since 1911 the state university has enjoyed the benefits of a one-mill tax, raised especially for the institution. When the measure was first placed on the statute books it was designed to commit the state to the policy of providing this fund continuously. Opposition to the policy has developed, however, and Rep. Hubbard says he finds considerable sentiment among the assemblymen for discontinuing the policy.

Not Striking at University. "I am not striking at the university," he said today. "The amount raised under this act is more than one-fifth of the entire taxes of the state. If not used it must lie in the treasury and cannot be used for any other purpose. The university should be on the same footing as every other school and other state institution and the legislature should save every two years what it should have."

"The one mill tax now produces nearly \$5,000,000 every two years for this institution alone. In only a few more years, with the increase in property assessment, the same tax will produce \$6,000,000. Better repeal it now than to let it run on until it raises a greater amount than is needed."

Sub-committees of Senate and House waterways committees will spend tomorrow in Chicago, listening to arguments by members of the Chicago Commercial Associations in support of Gov. Dunne's waterway project. Mayor-elect Thompson of that city also is expected to address the committee in support of the bill. It is expected to have the bill ready to report back to the two chambers the last of next week.

Elections Committee to Meet. Members of the senate committee on elections also will meet in Chicago tomorrow, to confer with officials and ex-officials of the Cook county election commission regarding the proposed rewriting of the election laws of the state.

The House today practically cleaned up its calendar of bills on first and second reading. The calendar is now clogged with bills waiting for final action.

VILLA CONTINUES EFFORTS TO  
GATHER TROOPS FOR ATTACK

WASHINGTON, April 23.—Meagre advices to the state department today from Central Mexico indicated that General Villa was continuing his efforts to concentrate at Aguas Calientes troops enough to warrant another attack on the victorious Carranza army under General Obregon, reported to be advancing northward from the region of Irapuato. If there has been any clashes between the armies since Villa retreated to Aguas Calientes no official report of them has been received. General Obregon's plan of campaign, Villa is understood to be drawing in such garrisons as can be spared from the territory controlled by his forces. Another problem he must face, is said to be that of finding ammunition, particularly for his artillery. The enormous demand for field gun ammunition in Europe has made this a difficult task, it is said for the northern leader although official reports recently indicated that he had received several million rounds for small arms.

ILLINOIS NORMAL WINS. Bloomington, April 23.—Illinois State Normal debating team at Normal, tonight defeated the Indiana Normal team, of Terre Haute. Illinois Normal had the affirmative of the proposition that the national Democratic administration has justified its election. The Illinois Normal negative team was defeated at Oshkosh, Wis.

ROB CHEST OF SILVER. San Francisco, April 23.—Robbery of a chest of silver work aboard the steamer Vega, a part of Italy's exhibit at the Panama-Pacific exposition was discovered today by customs officials. The amount of the loss is not known.

Officials probably was committed to Genoa before the vessel was completely loaded.

## War News Summarized

Fighting to the north of Ypres in Belgium, in which the Germans forced the French to retire to the west side of the Ypres canal, a distance of approximately five miles, holds the chief place in the latest news of the European war.

Field Marshal Sir John French, the British commander-in-chief, and the Paris war office charge that the Germans in order to attain this success used asphyxiating gas bombs, the effect of which according to Paris was felt over a distance of about a mile and a quarter behind the French line and which the British field marshal declares caused the French to retire, "overwhelmed by the fumes."

As a result of the French retreat the British line, according to General French, remained intact except on the extreme left where the British had to readjust their line in order to conform with the near French line. British assets that the Germans in this westerly drive captured the villages of Langemark, Steenstraete, Hetsas and Pillein and took at least 1,600 French soldiers and thirty cannon, including four heavy British guns.

Heavy artillery duels are in progress in the district between the Meuse and Moselle and the French are admitted by Berlin to have penetrated portions of the advanced German trenches between Ailly and Apremont, where fighting at close quarters continues.

In the east only isolated battles are in progress and although both Petrograd and Vienna claim that their respective troops have made progress at various points each is agreed on the statement that as a whole the situation remains unchanged.

JOHN CUDAHY, PIONEER  
PACKER, PASSES AWAY

## HAD NEVER RECOVERED FROM OPERATION OF FOUR YEARS AGO

Entered Packing Industry as a Boy in Milwaukee, First With Edward Roddis and Then With John Plankinton.

Chicago, April 23.—John Cudahy, board of trade leader, banker and pioneer packer, died at his home here at midnight tonight, aged 71. Physicians asserted that Mr. Cudahy had never completely recovered from an operation for appendicitis he underwent four years ago.

He sought to renew his health in California several months ago but was forced to return two weeks ago and since then has been in the care of physicians. He is survived by the widow, two daughters, Mrs. Julia Walsh and Miss Elizabeth Cudahy and two sons, John B. and Gerald.

Cudahy entered the packing industry as a boy in Milwaukee, first with Edward Roddis and then with John Plankinton. He became a partner in Chapin and company in Chicago in 1875, the firm becoming Chapin and Cudahy in 1877 and later the Cudahy Packing company. He also entered partnership with his brother Michael as Cudahy Brothers of Milwaukee.

ATTACK CONSTITUTIONALITY  
OF THE WAR REVENUE ACT

Three Suits are Filed by Chicago Banks in the United States District Court.

Chicago, April 23.—Three test suits attacking the constitutionality of the war revenue act passed last October by congress, affecting the tax upon the capital stock of banks were filed in the United States district court here today. The result of the suits will affect 25,000 banks in the United States, according to Levy Mayer of counsel for the three banks concerned in the suits. The banks are the Continental & Commercial National bank, the Continental & Commercial Trust & Savings bank and the Illinois Banking association.

The Continental & Commercial National bank suit asks for return of \$26,572.59 which is alleged to be the amount of taxes paid by the bank to the internal revenue collector or as representing one-tenth of one per cent on federal state and municipal bonds and other property not used in the banking business. The other banks asked for the return of smaller amounts of taxes. The suits were filed against United States internal revenue Commissioner W. H. Osborne and Collector Julius F. Smeltanka of the local office. The suits allege that from the federal state and municipal character of the capital no tax can be levied.

MAY NOT ENTER WAR. Rome, via London, April 24.—(2:32 a. m.)—It is stated in high official quarters here that it is becoming increasingly improbable that Italy will participate in the war, at least for some time to come.

THAW GETS JURY TRIAL  
ON SANITY QUESTION

## APPLICATION IS GRANTED BY SUPREME COURT JUSTICE HENDRICK

Trial is Set for May 17—Court Points Out That He Can Disregard Jury's Verdict—Attorney General to Appeal From Decision.

New York, April 23.—Harry K. Thaw, slayer of Stanford White, an eminent architect, after many attempts has succeeded in bringing the question of his sanity before a jury. The application for a jury trial, made by his attorneys in a writ of habeas corpus, was granted today by Supreme Court Justice Hendrick, who, upon consultation with counsel, set the trial for May 17th. In announcing his decision Justice Hendrick made it clear that the jury was called in to aid the court by their advice and that the finding of the jury would not be binding if the court was satisfied that it was not in accord with the evidence and justice. The court, he said, could disregard the jury's verdict and render his own decision.

Thaw is radiant. Thaw was radiant when he heard the verdict. Many of his friends were in the crowded court room and they and his counsel were quick to congratulate him on his successful step in his fight for liberty. His mother, Mary Copley Thaw, who has been by his side in all of his years of fighting for freedom, was not present today but Thaw's first thought in speaking to his friends and newspaper men was of her.

"This will be very good news for my mother," he said. "My only regret is that the hearing will not take place earlier than May 17th." Beyond this, Thaw would not comment on the decision, in court or later in the Tombs, to which place he was remanded pending the trial. His face and the few words, however, showed the delight he felt at the chance to show that he is now sane. Justice Hendrick's opinion accompanying the decision, was a lengthy one and showed he had made a careful study of Thaw's case and of authorities on which to base his decision. The mooted question he had to decide was whether the court had power to grant a jury trial. He found that he did, after a study of authorities and he decided to exercise such power.

Trial Will Last a Week. In discussing the date for the trial it developed that the consensus of opinion of judge and counsel was that the trial would last only about a week. John B. Stanchfield, of Thaw's counsel, said the matter should be settled in that time and Justice Hendrick agreed with him. It was said later that there would be no great array of expert witnesses, such as marked Thaw's trial for murder. Thaw, it is said, would have about ten witnesses all told and it is expected that the state will call Doctors McDonald and Flint, experts who have testified previously in the Thaw case, and perhaps one or two others.

Thaw's trial on May 17th, will be in connection with a writ of habeas corpus secured from Supreme Justice Bijour some weeks ago. The application for this writ was based upon the contention that Harry K. Thaw is not insane and that he should be freed accordingly whatever his condition might have been at the time he killed Stanford White.

Holds Proceeding Was Proper. Mr. Stanchfield took the state by surprise two weeks ago by asking that the question of Thaw's sanity, as raised in the writ, be tried out by a jury instead of by the state. This is a very unusual proceeding in a writ of habeas corpus, but Justice Hendrick held that it was proper, thus giving Thaw the chance for which he has fought for years.

Will Appeal From Decision. Albany, N. Y., April 23.—Attorney General Woodbury tonight said he would appeal from Justice Hendrick's decision granting Harry K. Thaw a jury trial. It is the opinion of the attorney general's office, Woodbury said, "that the court is without discretionary powers to grant a jury trial upon the return of a writ of habeas corpus to test the sanity of Mr. Thaw. I shall ask for a stay on the execution of Justice Hendrick's order granting such a trial until the matter can be heard by the appellate courts."

DOES NOT DEEM IT ADVISABLE TO  
ISSUE PASSPORTS TO SIGHTSEERS

WASHINGTON, April 23.—In response to inquiries Secretary Bryan in a letter made public today reiterated the announcement that the state department does not deem it advisable to issue passports to persons who wish to visit belligerent countries of Europe for the mere purpose of sightseeing or pleasure. "All American citizens going abroad are advised to carry passports," wrote the secretary and it is absolutely necessary for persons visiting belligerent countries to carry them. However, I am obliged to inform you that the department does not deem it advisable to issue passports to persons who wish to visit belligerent countries for the mere purpose of sightseeing."

AMERICAN IS GIVEN TWELVE  
YEARS IN PRISON IN LONDON

Charles Williams, Who Has Served Time in Illinois, and Annie Ferguson are Sentenced for Robbery.

London, April 23.—(5:05 p. m.)—Charles Williams, described by the authorities of Scotland Yard as "one of the most dangerous men in America" and Annie Ferguson, who is supposed to be the wife of a notorious bank thief named Greason, were today sentenced in the Old Bailey police court to imprisonment for twelve and ten years respectively for robbing a London jeweler of gems worth 1,600 pounds (\$8,000). According to the London police they have evidence that Williams was sentenced in the State of Illinois in 1871 to five years imprisonment for larceny, subsequently arrested for robbing a three year sentence for breaking in the postoffice at Springfield, Ill., and later he broke out of jail in New York.

Is Believed to Be Allen. Springfield, Ill., April 23.—The Charles Williams sentenced in London today for a diamond robbery and said to have been once convicted for the robbery of the postoffice here in 1896, is believed by the local police to be Charles Allen, one of the four men who committed the crime.

Allen was one of the most notorious safeblowers in the United States. He served a term at the Chester penitentiary before he was convicted in Springfield. With Joe Killoran, now dead, Yvonne and Russell Allen entered the postoffice here at mid-day and cleaned out the safe. Allen was captured and served several years in a federal prison and as he was a young man at the time the Springfield police do not believe his criminal career could have extended as far back as 1871. The last time the local police heard of Allen he had left New York for Europe to join Killoran, who had been operating abroad for several years.

TAKE TESTIMONY IN TRIAL  
TO IMPEACH MAYOR ROBERTS

Three Councilmen Tell of Attempts to Bribe Them—Believe Trial Will be Completed Today.

Terre Haute, Ind., April 23.—Three members of the city council went on the witness stand this afternoon in the impeachment trial of Mayor Donn M. Roberts and testified that Roberts tried to bribe them to vote against a boundary ordinance. Two of the witnesses said Roberts, who is now serving a term in Leavenworth prison for violating election laws, placed \$100 in the clothes of each of them and urged that they vote against the ordinance.

Another councilman said Roberts promised to give him \$800 for distribution among eight councilmen if they voted against the ordinance. This ordinance was designed to bring a number of factories into the city limits.

Robert H. Henderson, a city employee, testified that Roberts had him traveling over the state for fifteen days posting up "Roberts for governor" cards. Henderson said he drew pay for this work from the city.

It is believed the trial will be completed tomorrow.

MEETING OF THE ITALIAN  
CABINET TO BE HELD TODAY

Session is Looked Forward to With Considerable Anxiety—Col. Garibaldi Meets King Victor Emmanuel.

Rome, April 23.—(6:32 p. m.)—The widespread belief that Italy must soon make her decision for or against war has aroused public feeling to a state of nervous excitement. The tension is increasing each day. Another meeting of the cabinet is to be held tomorrow. It is looked forward to with considerable anxiety, since it is realized that from some one of these meetings must come the word for peace or war.

Meets Italian King. Rome, April 23.—(1 p. m.)—via Paris.—(6:30 p. m.)—Rome newspapers say that Colonel Giuseppe Garibaldi, grandson of the Italian patriot who is now in Paris, before leaving this city saw King Victor Emmanuel and Premier Salandra with the object of interesting them in the formation of a body of Italian volunteers in case of war with Austria. It is understood that Italian general staff did not approve the project, believing that such a body of troops might not respond to the exigencies of modern warfare.

REQUIRES SECURITY BOND BEFORE  
SIGNING CITATION FOR REVIEW

INDIANAPOLIS, Ind., April 23.—Federal Judge Anderson today informed attorneys in the Terre Haute election conspiracy case which resulted in the conviction of Mayor Donn M. Roberts and a number of other men and county officials that he would require a security bond to cover costs before he would sign any citation of the case to the United States court of appeals for review. He did not state the amount of the bond. No bonds for the release of the men who have been taken to the federal prison at Leavenworth, Kansas was offered. The cost of the case here would make necessary a bond of approximately \$15,000 it was stated.

T. R. GIVES HIS IDEAS  
ABOUT CAMPAIGN FUNDS

## TELLS ABOUT HIS PERSONAL RELATIONS WITH WILLIAM BARNES

Expresses Belief That There is a Limit to a Campaign Fund Should Total—Says he Regards Barnes as a Dr. Jekyll and Mr. Hyde.

Syracuse, N. Y., April 23.—Theodore Roosevelt told on this, the second day of his cross-examination, about his dealings with the "bosses," his personal relations with William Barnes and his ideas about campaign funds of millions of dollars. He mentioned the famous half million dollars which Thomas Fortune Ryan contributed to the presidential cause of Alton B. Parker and swore he never had seen a list of the names of the persons who helped swell the fund of \$3,000,000 used in connection with his own campaign for the presidency.

Have no Hope of Reward.

The list contained initials of men who the colonel readily identified with the country's most powerful business and financial interests. In speaking of the Ryan contribution the witness gave it as his opinion that a leader of big business who contributes a half million dollars to help elect a candidate for president of the United States is prompted by the same spirit which would cause him to donate a similar sum to a church and that such a contributor has no more hope of reward in one case than he has in the other. Personally, he said, he would have been very much surprised if many masters of big business had not contributed to the Republican campaign of 1904. The colonel mentioned the Standard Oil company and campaign contributions, too. He said that if the report of the congressional committee which investigated his campaign contributions showed that "H. H. R." and "J. D. A."—which the witness thought stood for H. H. Rogers and John D. Archbold—had contributed to the Republican fund in 1904—he was astonished. He said he had given explicit instructions against receiving any Standard Oil contributions.

Believes There is a Limit. Personally, he emphatically declared, he could not regard just as highly a contribution of \$25 from the station agent at Oyster Bay as he would a contribution of \$25,000 from George W. Perkins, who in 1904 was a partner in the firm of J. P. Morgan & Co. And he expressed the belief that there was a limit to the amount a campaign fund should total. Over a certain sum, he did not know how much, he thought that there might be some danger.

The witness swore that the late E. H. Harriman himself had told him that there never was any such thing as a \$240,000 Harriman, he did identify as being his letter he wrote to Mr. Harriman, in which it was said "we are practical men," and that if Mr. Harriman thought there was any danger in coming to the white house at that time, he might come later and discuss a certain matter.

Has "Good and Bad Sides." Colonel Roosevelt said he regarded William Barnes as a Dr. Jekyll and Mr. Hyde, who, like other politicians, had his "good and bad sides."

He said he was persistent in his efforts to make politicians do what he considered was right and that instead of endeavoring to sever the ligaments between these Slimey Twines of politics, his aim had always been to have the Dr. Jekyll in them absorb the Mr. Hyde. Many letters that passed between Mr. Barnes and the witness were identified by the latter and read to the jury. In one of these letters discussed political and legislative matters and the appointment to office of the state government of a number of men. In one of these letters Mr. Barnes expressed stern disapproval of a measure which proposed that state senators should be elected for four years and assemblymen for two, because such a condition would give the voters "little opportunity to register approval or disapproval."

There will be no session of court tomorrow. On Monday however, Colonel Roosevelt will resume his testimony and submit to further cross-examination by William M. Ivins, chief counsel for Mr. Barnes. Mr. Barnes went to Albany tonight but Colonel Roosevelt elected to remain in Syracuse until Monday. A number of conferences have been arranged for tomorrow by attorneys for both sides.

INDIANAPOLIS, Ind., April 23.—Federal Judge Anderson today informed attorneys in the Terre Haute election conspiracy case which resulted in the conviction of Mayor Donn M. Roberts and a number of other men and county officials that he would require a security bond to cover costs before he would sign any citation of the case to the United States court of appeals for review. He did not state the amount of the bond. No bonds for the release of the men who have been taken to the federal prison at Leavenworth, Kansas was offered. The cost of the case here would make necessary a bond of approximately \$15,000 it was stated.

### Measuring the Berry Boxes.

It will be of interest to the housewife to know that for the first time in the history of the strawberry business this spring federal laws have been made to assure her as far as possible of getting correct measure.

This will of course only apply to berries shipped from other states to this state. The law provides that "every berry box must be plainly marked as to a statement of weight, measure or count" on the outside of the covering or container usually delivered to customers.

### Personal Interest in Employees.

The personal interest which employers sometimes take in those on their service is manifested in a recent letter sent out by the Associated Press to operators in this division. The letter, which is signed by the division chief, calls attention to the fact that a position at Albuquerque, New Mex., is being held in reserve for operators suffering from tuberculosis or other ailments that may be relieved by the dry climate of New Mexico.

The position is one with short hours and a good salary, and attention is also called to a position at El Paso, Texas, which is being reserved for the same purpose. It has long been the policy of the Associated Press management to take a personal interest in the welfare of its operators, and while this has not been done wholly from a humanitarian standpoint, it has nevertheless resulted in instilling a special loyalty in the hearts of Associated Press employees and attaches.

### The University Press Service.

A number of Illinois newspaper men have recently joined in an open letter directed to the board of trustees of the University of Illinois protesting against the proposed plan of discontinuing the editorial press service. It is understood that because of lack of funds that the university management is seriously thinking of abandoning this service which has been maintained at a cost of something less than \$5,000 annually. It has been the custom established through several years to send out a weekly bulletin to papers throughout the state, and a limited number have been supplied with "The Corn Belt" page, the service also including some special press bulletins.

The newspaper publishers who have joined in the protest rightly call attention to the value of the work which has been performed through the press service. The newspapers have added the work at considerable expense to themselves because they have recognized how valuable to the whole state is the building up of the agricultural and live stock interests. Practically all of the bulletins issued are for this purpose, and the advances which have been made in farming methods during the past few years have been in large measure due to this service. Certainly the University is spending no money which results in a larger amount of benefit directly to the farmer and indirectly to the whole state than this particular fund. The newspapers have no personal interest in the matter, but they appreciate how important is the work which has been going on during these years.

### HINT GERMANS ARE ABOUT TO FALL BACK

The Hague, via London, April 23. (10:15 p. m.)—It is rumored in military and diplomatic circles here that the closing of the Belgian and Dutch frontiers to traffic of all kinds, outward and inward bound, is connected with important German troop movements in Belgium.

It is hinted in various quarters in the Hague that the Germans are about to fall back to the Liege line and thus relieve a number of troops for possible use against Italy in the event that country intervenes in the war. There is no confirmation of the rumor.

### ATTEMPTS TO HOLD UP TRAIN; SHOOT BAGGAGEMAN

New Orleans, La., April 23.—Peter Mosser, baggage-master of a Louisville & Nashville passenger train, was brought to a hospital here late tonight suffering from bullet wounds said to have been received when a bandit attempted to hold up the train on the outskirts of the city. The police are investigating the affair.

## WITH THE NEW CITY OFFICERS

The newly elected officers of Jacksonville are, as before indicated, now being frequently interviewed by persons who want positions under the incoming administration. As Mayor-elect Rodgers is more accessible possibly than any one of the other officers, he has received most of the applications. By agreement of all the officers application blanks were printed and each person who comes in to talk about a job is given one of these blanks and told to fill it out. There are several purposes behind this formality; one is to save a great deal of time for the officers, which might otherwise be taken up with long interviews with position seekers and their friends, and another is to save the time of the applicants themselves. The main purpose, however, has been to secure the desired information about applicants in a brief way and to impress them with the thought that the purpose of the commissioners is not to let personal feeling decide the case, but that positions will be awarded in accordance with the merit and efficiency of the applicants. At the bottom of the blanks furnished are the significant words "No petitions wanted or required." This was brought about by the fact that a number of those who approach the officers to ask about positions said that they would secure petitions and asked with whom they should be filed. They were all promptly told that there would be no use at all getting petitions and that appointments were not to be made on that basis. The officers felt that as a rule petitions have little significance and that any applicant could probably come in with the signatures of a goodly number of persons who would gladly sign all petitions presented to them.

Mr. Rodgers in talking about applications said yesterday that he had often been called a cold-blooded proposition, and that while he did not propose to argue about this statement, that he was in favor of the present method of receiving applications because it did not leave the applicant in any doubt as to the course to be followed in giving him consideration and would not cause the applicant to build up any false hopes. Mr. Rodgers in his political life has never followed the policy of leading a large number of people to believe that they would secure appointments by giving him their political assistance. He has believed that it is not only unfair to give even implied promises of positions which could not be made good, and that it is a dangerous proposition from the standpoint of the officer himself. Standing at the counter near his desk in the Ayers National bank yesterday afternoon, Mr. Rodgers received a number of applicants, and to each one he promptly gave one or more of the printed blanks, and someone who was standing near overheard him say to each applicant, "Well, this is the plan that all of the officers have adopted, and I am saying to every applicant 'Hope a great deal, expect nothing, and be very thankful for what you get.'"

The blank mentioned is headed "Application for Appointment" and is directed to the mayor and commissioners of the city. Then follows space for statement by the applicant as to the position desired, his present employment and past experience; then there are spaces for facts as to age, nationality, color, whether married or single, church, fraternal and political affiliations, with still further space for references and any additional remarks. Someone asked what difference it made about the church, fraternal or political affiliations of applicants and the answer came promptly that it made no difference except that these facts were desirable along with others for any applicant, simply serving as a record for the council.

While there has been no formal decision about the matter, it is now the expectation that following the canvass of the election returns next Monday the new officers will in the course of a day or two qualify by filing their bonds with County Clerk Boruff and that they will enter upon their duties on the following Saturday, which will be May 1st. The understanding is that the newly elected officers wish the outgoing officers to look over and approve bills that they have contracted and so far as possible to pay the same before the new administration begins. It is likely that when the remitting tax money, which amounts to about \$15,000, is paid in that this sum will be used in the payment of outstanding bills as far as it will go, though it will not be sufficient by any means to take care of the total claims.

If the new officers enter upon their duties May 1st their first meeting will be Monday, May 3d, and at this time, in accordance with the commission form law, they will adopt a resolution or an ordinance assigning the commissioners to their several departments. It is understood that there has been no agreement among the commissioners in the matter of assignments, but the latest gossip is that Mr. Widman will become commissioner of accounts and finances; Mr. Cox, commissioner in charge of the light and water department; Mr. Martin, commissioner of public health and safety, in charge of the police and fire departments, and Mr. Vasconcellos, commissioner of highways.

There is a possibility that the city officers-elect will be compelled to have additional application blanks printed for the ones already secured of police. She made the request for male applications. That blanks may be needed for women too was indicated yesterday when a woman filed application for appointment as chief

of police. She made her request for consideration in the first place by telephone, and subsequently on being told that a written form was necessary, filed a typewritten application. This woman, by the way, has had business experience and would, no doubt, make a very forceful and energetic officer.

## DISCUSS POSSIBILITY OF A SEPARATE PEACE WITH AUSTRIA

London, April 24—(2:10 a. m.)—The Daily Mail's Warsaw correspondent sends to his newspaper a long statement from a high authoritative source in which the possibility of a separate peace with Austria is discussed. The conclusion of a separate peace with Austria, although the air is full of such stories and the indications show that Austria is desirous of an instant and lasting peace, the statement, "It must be understood that if Austria ceased to be a belligerent her position as a neutral would mean that she would be able to offer as great, if not a greater obstacle to the success of Russian arms as if she remained a belligerent."

### NOTES FOR THE FARMER.

### Advisor Hired in Hancock Co.

On March 20th, the board of directors of the Hancock County, (Ill.) Soil Fertility Association hired A. M. Wilson as county farm adviser at a salary of \$2,000 for the first year. Mr. Wilson is from Carlisle, Ind., and was principal and had charge of the agricultural department in the Carthage, Hancock county, Illinois high school for the past two years.

### Heavy Losses From Cornstalk Disease.

From inquiries addressed to the 626 clerks of school districts in Champaign county, Ill., Advisor Oathout has found that stock died from cornstalk disease in 99 of the 144 districts from which replies were received. The total number of herds reported lost was 343, worth over \$51,000. Assuming that the losses from the districts not reporting were as heavy as in the others Mr. Oathout estimates that the total loss from cornstalk disease in the county is about \$80,000.

### Looking For an Advisor.

The board of directors of the Woodford county (Ill.) Farm Bureau has appointed a committee consisting of Howard Leonard, W. H. Smith and J. Frank Felter to investigate the applicants for the position of arm advisor in that county. A number of applicants have been interviewed by this committee. A bulletin on the treatment of oats for smut has been printed by the board of directors and sent to the members of the bureau.

### Bond County (Ill.) Soil Report Just Published.

Bond County Soils are described in full in Soil Report No. 8 just published by the Illinois Agricultural Experiment Station. "About two thirds of Illinois lies in the corn belt, most of the prairie lands are black or dark brown in color. In the southern third of the state, the prairie soils are largely of a gray color. This region is better known as the wheat belt, although wheat is often grown in the corn belt and corn is also a common crop in the wheat belt."

Moultrie county, representing the corn belt; Clay county, which is fairly representative of the wheat belt; and Hardin county which is taken to represent the unglaciated area of the extreme southern part of the state, were selected for the first Illinois Soil Reports by Counties. While these three county soil reports were sent to the Station's entire mailing list within the state, subsequent reports are sent only to those on the mailing list who are residents of the county concerned, and to any one else upon request. The authors of the report are Professors Hopkins, Mosier, Pettit, and Fisher.

### ILLINOIS AND IOWA DAY

AT SAN DIEGO FAIR  
San Diego, Cal., April 23.—Today was Illinois and Iowa Day at the exposition. ## JEALOUSY MOTIVE FOR MURDER CASE

FRANK DOWNS SHOT AND KILLED FRED WHITE AT HOME OF LATTER.

Murdered Man Was Section Boss on the Burlington—Assailant Worked Under Him—Men Lived at the Same House and Alleged Undue Friendliness Between Dead Man and Downs' Wife Caused Tragedy.

Fred White, section foreman on the Burlington, was shot and instantly killed about 11:30 o'clock Friday morning at his home on East College avenue by Frank Downs, a section employe. It seems that Downs and his wife and little son have been living in Mr. White's home on East College avenue, the second east of the Burlington subway. Through a period of several months there has been trouble in the household, as Downs had charged White with undue friendliness with his wife.

Downs Buys Revolver. According to the story, Thursday evening Downs told his wife that he had fully determined that they would leave there and find another home, and asked her what she wanted to do about it. In reply Mrs. Downs suggested that they would discuss the matter Friday morning, and when the morning came she again postponed the matter, saying that they would come to an agreement a few hours later. Downs was not at work Friday morning, and according to his story, after assisting his wife with the washing he came up to the square to get some medicine and to buy a waist for his wife, purchased a revolver at the store of Mallory Bros., and then returning to his home about 11:30 o'clock found White and his wife together in the kitchen with several bottles of beer on the table. Without a word Downs snatched the revolver from his pocket and fired twice at White. Downs, with the revolver still in his hand, left the house, and going west to the Burlington right of way, ran north to State street. Near Piepenbring's store he saw Milo Richards driving in a buggy, stopped him, and climbing in pointed the revolver at Richards and insisted that he be driven rapidly to police headquarters. Sergeant Frank Kiloran had started for the scene of the shooting and when Downs saw him near the northeast corner of the square he jumped from the buggy and handed over the revolver. He was then taken to the city prison and later was removed to the county jail.

Former Home in Virginia. Downs is a man evidently twenty-eight or twenty-nine years old, who has previously borne a good reputation. His former home was in Virginia, but he has been a resident of Morgan county for five or six years past, and it was here that he married Miss Lella Stout, a daughter of Harvey Stout. Last year they lived on the Miller place about two miles north of Jacksonville. Later they had a home on Duolin avenue and five months ago in order to reduce expenses, took a part of Mr. White's house on East College avenue and cared for his two children. Even before the removal to that house there had been stories of the relationship between White and Mrs. Downs, and after they became residents of East College avenue these stories gained further color. There were frequent quarrels and accusation, but Downs was assured from time to time and was willing that the household arrangements should continue.

Tells Police Story. After he surrendered at the police station he told his whole story to Chief of Police Davis evidently withholding nothing. He was in a very nervous state and broken down frequently as he told of recent months of worry. He said that he frequently lay awake all night thinking of his troubles, and that he had gotten so nervous that he was not much account. He said that weeks ago he determined that if matters did not stop and if he could not get his wife to go away somewhere else, that he was going to kill White. He said that after demanding Thursday night that they leave and again on Friday morning, and seeing his wife's reluctance and that he was being put off from time to time, that when he found them in the kitchen together he was possessed by the one idea that he must and would kill the man.

White Formerly of Franklin. Fred White was a man about forty-nine years of age and had been a section boss on the Burlington for a long time. His wife died about a year ago, and as before mentioned, he has two children who had been living with him at the East College avenue home. Before coming to Jacksonville he was a resident of Franklin, and he has a number of relatives in that locality. His mother, Mrs. Minnie White, is still living and is said to be now making her home with her son, Patrick White, in Alton. Another brother, Carl White, lives in Macomb, and a sister, Mrs. Graubner, is a resident of Decatur. Another sister lives in California. Downs, when his case comes to trial, will undoubtedly plead the unwritten law. He does not look to be a man of a criminal type, but evidently deliberately planned the shooting. He strikes one as of not very high mentality and somewhat simple-minded. He had evidently brooded over his troubles until he had gotten himself into an intensely nervous state.

It is said that immediately after he shot White that he called out to someone near, "Well, I have killed the man I wanted and now I am ready to go to the penitentiary." Mrs. Downs fled immediately after the shooting and was evidently in fear for her own life, but Downs seemingly had no thought of making an attack upon any person except the man he killed.

Coroner's Inquest. The coroner's inquest was begun at 2:30 o'clock at the Reynolds undertaking establishment where White's remains were taken after the shooting. Mrs. Downs, wife of the man who did the shooting, Ruth White, eleven year old daughter of the murdered man, and Mrs. Robinson, who lives in the neighborhood, were the witnesses. Robert Tilton was present at the hearing as it was a criminal case and the evidence was taken down by Henry English, court reporter. Mrs. Downs told the facts relative to the family history, that is, as to where she and her husband had been living during their married life and denied that there had been any other than friendly relations between herself and White. She said that she and her husband and little boy had been living in Mr. White's house and that in payment for board they had been caring for his children. She told about her husband wishing her to leave with him and said that White objected to their going, claiming that a certain amount was due for board. She said that she was unwilling to go with her husband because he had no place provided and was practically without funds and she did not think it best to go at this time for these reasons. The witness told of her husband leaving the house Friday morning with a suitcase and of his return about 11:30 o'clock.

Daughter Tells Story. According to the story of Ruth White, when Downs entered the house White was standing over the kitchen stove frying steak for dinner and his back was toward Downs when the first shot was fired. The wounded man turned and then Downs fired again, the bullet entering the mouth. The little girl testified that after Downs fired the first shot she seized him by the arm but was unable to stop him. White, in an instinctive effort to escape from his assailant, rushed from the house to the porch where he fell to the floor and seemingly died instantly. Dr. H. C. Weltman and Dr. Allen King were both summoned and Dr. Weltman conducted a post mortem examination. It was understood that the bullet which White received in the back pierced his lung.

Following the testimony of these witnesses the inquest was adjourned until this morning at nine o'clock when the physicians will be called upon to testify. The remains of Mr. White have been removed to the undertaking establishment of Williamson & Cody but arrangements have not been completed for the funeral.

Had Letter for Wife. It seems that Downs had been jealous for a long time of White's attentions to his wife and that some months ago complained to the police about it and wanted to know if there was something that could be done. Friday morning after leaving his home he went to the office of Chief of Police Davis to Attorney Wm. N. Hargrove and to Squire Dyer, in each case telling something of his troubles and asking if it would not be possible to take some legal action. When he surrendered to the police he had in his pocket a typewritten letter addressed to his wife and ready for mailing, in which he stated that he was tired of the troubles at the house and that they certainly must leave. He told her to pack up her belongings and that he would call for her that evening. Evidently the man later decided to take another course of action and to kill his man and take the consequences.

### Camp.

W. S. Camp received a telegram announcing the death of his brother, John Camp at Bushnell, Friday. He was editor and publisher of the Bushnell Record and was a prominent and widely known man of his community. His death was due to cancer, which started a number of years ago as the result of the extraction of a wisdom tooth. For sometime he has been consulting and doctoring with the most eminent authority on cancer and a week ago underwent an operation in the Chicago hospital.

He is survived by his wife, one daughter, Mrs. H. L. Scholes of Bushnell and adopted daughter, Mrs. Clarence Meyers of the northwestern Canada.

The funeral services will be held at Bushnell Sunday afternoon at 2 o'clock and Mr. and Mrs. W. S. Camp expect to attend.

Hinners. Willis Arthur, the 8½ months old son of Mr. and Mrs. Arthur Hinners of Mercedia, residing 4½ miles northeast of the village died Friday at noon. Besides the parents, one sister survives, Evelyn. No funeral arrangements have been made.

### Friend.

John Friend died Friday night at 4:50 o'clock, at the County Home following an illness of several weeks. He would have been 75 years old in June. Burial will be made this afternoon.

### Rawlings.

Funeral services for Mrs. Edwin J. Rawlings were held at 12:30 o'clock Friday afternoon at the family residence, 718 East North street and were conducted by Rev. G. W. Hagg, pastor of Centenary church, in the presence of a large gathering of relatives and neighbors of the deceased and of her family. The singing of hymns suitable to the occasion was by a trio consisting of Mr. and Mrs. Thomas H. Rapp and Aea M. Robinson. The floral tributes of love and sympathy were cared for by Mrs. James P. Norton a girlhood friend, and Miss Flossie Kellogg, a niece of the deceased. The bearers were Walter Spillman, Ralph Crabtree, S. E. Carter, John Roberts, E. E. Henderson and Carl H. Weber. The remains were accompanied by the bereaved husband and his two daughters to Nokomis Friday afternoon over the Burlington road. Other funeral services will be held at 2 o'clock Sunday afternoon and interment will be made in the cemetery in the eastern suburbs of the town. Mr. and Mrs. J. F. Kellogg will go this afternoon to attend this funeral.

## STATES DUTIES OF PATRIGISM ARE TO LIVE FOR COUNTRY

WASHINGTON, April 23.—Major A. W. Greeley, U. S. A., retired, in a speech tonight before the 24th annual congress of the Daughters of the American Revolution, declared that the time was past when a man was called upon to prove his patriotism by the sacrifice of life and that the duties of patriotism were to live for country rather than die for it.

"Patriotism of the future," said the general, will be spiritualistic and not materialistic."

BASEBALL HEADS STATE NO PEACE NEGOTIATIONS ARE GOING ON

Venue for no Explanation for Gathering of Big Men in Baseball in Chicago.

Chicago, April 23.—Emphatic statements that no peace negotiations were going on were made today by both President Gilmore of the Federal League and President Johnson of the American League, but no explanation for the gathering here of the big men of baseball was forthcoming. Among the leaders of the game expected here tomorrow is President Tanager of the National League. The Federal League magnates who, according to information gained from sources close to them, will meet to talk over the ending of the war are William E. Robertson of Buffalo and Robert B. Ward of Brooklyn while Philip Ball of St. Louis and his attorney, Montague Lyons of St. Louis admitted that they had been in conference with President Johnson yesterday and today. The American League head declared that his meeting with Mr. Ball, the third in three weeks, had nothing to do with peace in the baseball world.

No definite statements were given out concerning matters discussed at meetings today. Mr. Ball, it was learned, made reservations on a late train for St. Louis tonight. Stories concerning the terms of peace discussed which were credited to Federal League sources, say they include many of the arrangements which were planned when peace was first talked of last fall. Mergers of several teams and the elimination of one club in St. Louis and one in Chicago are to be considered.

THREE EYE LEAGUE WILL OPEN ITS SEASON NEXT THURSDAY

CHICAGO, April 23.—The Three Eye League will open its season April 29th with eight clubs playing, according to an announcement here today by A. R. Tearney, president.

"Two towns have made applications to fill the vacancy in the league," said Mr. Tearney, "and both agreed to send their deposit money to me tomorrow. When the money is received, we will decide which town to accept. The chosen town will secure the Springfield ball club. I cannot reveal the names of the two towns."

A full staff of umpires has been signed, according to Mr. Tearney. Only one of the veterans was retained, he said. The Three Eye schedule will be made public within a few days, it was said.

BARREY OF PENNSYLVANIA WINS PENTATHLON AT PHILADELPHIA

PHILADELPHIA, April 23.—Howard Barry of the University of Pennsylvania today carried off the Pentathlon, one of the principal events in the opening days carnival of Pennsylvania's relay races and field sports. The Pentathlon which is comprised of the broad jump, javelin and discus throws and the 200 and 1,500 meter races, was on the program for the first time in the twenty one years that Pennsylvania has held the carnival and it is expected to represent the all-around athletic championship of the United States. Yale after a game struggle carried off the distance relay race for the American college championship, beating out Chicago, while Pennsylvania easily won the American title. In the sprint medley race from Cal-gado, the only other entrant in this event.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, April 28th, 1915, one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL? Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you indigestion? Dragging pain of ache of the body, back or limbs? Have you Rheumatism? Have you Piles? Piles—itching or bleeding? Have you Kidney or bladder trouble, lame or weak back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreams, restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lose of energy and strength

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases. Why I have persisted after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

REMEMBER DATE OF VISIT. Come early as parlors are always crowded. A friendly call may save you future suffering; it has made life anew to thousands who had been pronounced beyond hope.

THE ONLY CREAM SEPARATOR

The ONLY cream separator with a skimming device of Nickel Silver non-rusting sections.

The ONLY cream separator adapted for mechanical cleaning.

The ONLY cream separator with a non-rusting guarantee.

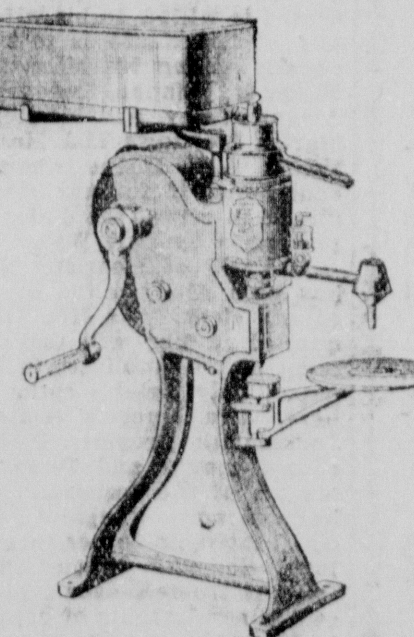

The ONLY cream separator with a rustless bowl chamber liner.

The ONLY cream separator with a neck-bearing adjustable while running.

The ONLY cream separator with medium sized gears, all enclosed and all running in oil.

The ONLY cream separator from whose bowl all the cream can be recovered or "flushed."

The ONLY well-known cream separator that skims Nature's way—cream rising to top, skim-milk settling to bottom.

The ONLY cream separator to which the crank can be attached on either side.

The ONLY cream separator on which crank may remain when operating by pulley on opposite side.

The ONLY cream separator to win a World's Record for closest skimming.

The ONLY cream separator that can produce thick cream and skim clean at the same time.

The Interlocking Sectional Type differs vastly from the disc or any other separator construction. It is the modern product of new and better ideas and is manufactured under the latest cream separator patents, anti-qualified, abandoned principles of construction having no place in its makeup.

If you want a cream separator the women folks can run and take care of with pleasure, investigate the U.S. We offer to bring one out and demonstrate it. No obligation to buy.

### CHURCH TRIAL SET FOR MIDDLE OF MAY

Philadelphia Divine Must Answer to Charges Brought by Bishop Rhinelander.

Philadelphia, April 23.—The church trial of Rev. George Chalmers Richmond, the progressive rector of St. John's Episcopal church of this city, on the serious charges brought by Bishop Rhinelander last winter, is now set for the middle of May. It is planned to draw the names of Dr. Richmond's trial on May 11th. Meanwhile Dr. Richmond is cited to appear tomorrow and answer to a third accusation brought against him. He has already pleaded not guilty to two charges.

The big church row, which threatened at one time to disrupt St. John's parish, one of the biggest in the country, arose last December, when charges were brought against Dr. Richmond in connection with his attitude toward Bishop Rhinelander and his invitation to out-

### HER DEATH NEAR

**So Everyone Thought, But Is Now Well And Stronger Than Ever.**

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live.

The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it.

Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least.

Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it."

Cardui is a mild and effective tonic for women, that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable.

Cardui has helped thousands. Why not you? Try it.

### LIFE AND EDUCATION ONE AND THE SAME

RABBI LEON HARRISON ADDRESSES INSTITUTE TEACHERS.

Temple Israel Head Says School Should be Part and Parcel of Life—Prof. G. D. Wham Discusses Power of Imagination—Teachers Thank Musicians.

Education as administered today is not thoroughly human, asserted Rabbi Leon Harrison of St. Louis in describing to Morgan county teachers William Wirt's schools at Gary, Ind., and natural methods of teaching as worked out in Davenport, Ia. Dr. Harrison is rabbi of Temple Israel, St. Louis, and is a man who speaks with authority in sentences of power and conviction. His address, "The Gospel of Labor," was a fitting close for the two-day sessions of a successful institute.

Mr. Wirt's schools at Gary are genuine public schools, in the sense that they provide for every kind of child in the community and draw into themselves the main aspects of the community life. To enter one is like going into a well regulated city where each citizen is going about his proper business. There is none of that depressing atmosphere of the mild if excellent prison for half-day involuntary labor which is too often the ordinary school. Children do not seem to be there because education is "compulsory" or busy parents wish to be rid of their present only but development of memory and personality and with it that growing sense of power which makes life worth the living" was the ideal held forth by the rabbi.

Music by Mrs. Genevieve Clarke Wilson, head of the vocal department, Illinois College Conservatory, began the afternoon's program. Mrs. Wilson sang with extraordinary sweetness and each of the four selections was more pleasing than the last. Especial courtesy has been shown the association on the part of the Conservatory faculty and the piano and violin numbers of Messrs. Munger and Krich Thursday, as well as the work of Mrs. Wilson, elicited the highest praise.

Folk dances under direction of Miss Ailsie Goodrick and music by Mrs. James of the I. S. B. faculty were features of the morning session, at which time the main address was given by Prof. George D. Wham of the state normal university at Carbondale. Rabbi Harrison's address in the afternoon was preceded by an entertainment of music and monologue by Dr. C. Carroll Smith of Roodhouse. Miss Mabel Hart and Miss Nannie Campbell were appointed a committee on resolutions and the recommendations adopted by the association follow:

**The Resolutions.**  
Whereas the Morgan County Teachers' association has just closed a most profitable and pleasant session of two days institute, and whereas the profit and pleasure we have received has been made possible by the cheerful co-operation of friends outside the association.

Therefore, be it resolved, that we, the teachers of Morgan county association hereby extend to these friends our sincere thanks for the services rendered.

**Folk Dancing and Music.**  
The forenoon association session was replete with good things. Under the able direction of Mrs. Helen McDougall James the large chorus from the State School for the Blind sang most acceptably. The skill with which they have been trained and the fine ability manifested by the young people all were displayed to good advantage and the result was superb. Their selections were: "In May Time—Oley Speaks." "Good Night, Beloved"—Pinsuti. "Mighty lak a' Rose"—Nevin. "Italia, Italia, Beloved"—Donzetti.

They were enthusiastically encouraged and graciously responded with Spring Song, by Pinsuti.

An earnest invocation was offered by Rev. W. E. Spooner and then came the folk dances by pupils of the schools, Miss Ailsie Goodrick, director. These numbers were delightful; the children all performed with ease and grace, giving a silent drill with scarcely a mistake. Their artless, graceful movements delighted every one and they were loudly applauded.

The numbers were: Shoemakers' and Clap Dance—Pupils of Miss Shannon, second grade, Jefferson school.

Swiss May Dance—Pupils of Misses Clampt and Carter, first grade, Franklin school.

Hansel Grata—Pupils of fourth and fifth grades, Lafayette school, Miss Mills, teacher.

Norway Mountain March—Pupils of Miss Duffner, Morton school.

Mock Fight—Eight boys, pupils of Miss Long, Washington school.

Swedish Reaping Flax; gathering, combing, weaving and testing—Pupils of Misses Yeck and Mansfield, Jefferson school, fourth and fifth grades.

Prof. George D. Wham.

Prof. George D. Wham of the state normal university at Carbondale came next and it is with sincere regret that his excellent address cannot be given in full for it was a fine effort.

His theme was suggestion and suggestibility and it is impossible to give more than a few thoughts. An impression thrust into the mental stream will take possession if it meets no obstruction. An absent minded professor once returned home to find company. His wife bade him go up stairs and dress for dinner. The act of dozing suggested retiring and that suggested

sleep and the wife went up to find him slumbering.

A teacher held before his class a vial which he said contained foul smelling liquid and asked each member to raise his hand if he detected it. At once a good many hands went up and the actions of the owners showed they smelled something disagreeable, yet the vial contained distilled water only. A man thought he had cancer and actually died and an autopsy showed him free from it. A man thought he had swallowed his false teeth and suffered much till they were found about the house by a servant.

The hypnotist gets the community to taking much stock in him; gets hold of susceptible persons; asks them to concentrate their minds on one thing and then does with them as he likes. He should be stopped by law. The imagination, aided by suggestion accomplishes wonders. Persons are seemingly cured of various maladies by a hypnotic suggestion. The books we read and personal contact will account for suggestibility. Environment and race have much to do with it. The Russians and French are more suave in manner while the Briton and the German are more direct. Some minds are more easily shaped than others but don't keep shaped which accounts for the henpecked husband. Women are more susceptible than men. We are much influenced by the teachings and history of the past. Hence the great importance of correct teaching. We should be tolerant of the opinions of others and not dogmatic.

**Miss Jeanette Taylor**  
Miss Taylor gave a reading telling a beautiful and touching story, "A Voice From A Far Away Country". The young lady came last night, the audience demanded another, and she kindly responded with one in a humorous vein.

### GENERAL TRADE SITUATION SEEMS TO BE MOVING INTO HIGHER GROUND

Faith in the Future is More Firmly Rooted and Reports as to Growing Crops are Flattering.

New York, April 23.—Bradstreet's tomorrow will say:

"Trade continues to expand; progress is of a cumulative character and even concededly slow lines are evincing a more lively disposition. In fact, the general situation, trade and industrial, seems to be moving into new and higher ground. Faith in the future is more firmly rooted and reports as to growing crops are flattering; remunerative prices for cereals have predisposed farmers to raise food crops, southern cotton growers are not so strong on raising less cotton; foreigners are buying new crop wheat freely; collections are better; seasonable weather stimulates trade wholesale, jobbing and retail; activity in the stock market continues, although it is marked by reactions in some of the so-called leaders.

"Activity is most marked in the cereal producing part of the west and it is prominent in the northwest. In the southwest trends manifest conservative improvement, the east is swinging into line and the south now that cotton is at a price that allows of the partial liquidation of debts, feels more optimistic. On the other hand the Pacific Northwest is still held back by low prices for lumber and on the Pacific coast business improves at a slow gait, expectations not being fulfilled.

"Money is easy. Much needed rains have fallen east of the Mississippi river and the drought, which was becoming serious in the Ohio Valley, is at least, temporarily relieved. Rains have also benefited the winter wheat crop in the middle Atlantic states but conditions there are about the poorest of the entire country. In the section west of the Mississippi river winter wheat conditions are excellent, especially in Kansas, Oklahoma, Nebraska and Iowa. Spring wheat seeding is well along in the northwest.

"In Canada the wheat seeding is well completed and an increase of 25 per cent in area is claimed.

"Bank clearings for the week aggregate \$2,605,955,000, an increase of 5.3 per cent over last week and two tenths of one per cent over this week last year.

"Business failures in Canada for number 411, compared with 319 in the corresponding week last year.

"Business failures in Canada for the week number 47 as compared with 39 in the like week of last year."

### MEDICAL CLUB.

The Jacksonville Medical club will hold their bi-monthly meeting this evening in the office of Dr. A. M. King on West State street. The subject for discussion will be introduced by Dr. W. P. Duncan.

## National Gas Range Week

Commences Next Monday—IT'S THE BIRTHDAY OF

## THE FIRST GAS RANGE

Fifty-one years ago the first gas range cooked its first meal. It didn't look much like the wonderful new gas ranges of 1915. It was clumsy—imperfect—but even at that it quickly proved its superiority over other ways of cooking. Next week will be celebrated all over the country as National Gas Range Week, in honor of this father of all gas ranges.

Won't you help us celebrate Gas Range Week by coming in to see our exhibit of the new Gas Ranges?

Whether you are thinking of buying a new gas range or not, we want to show you the wonderful improvements that have been made in gas ranges in the last few years—changes that make it more than ever the ideal stove for home cooking.

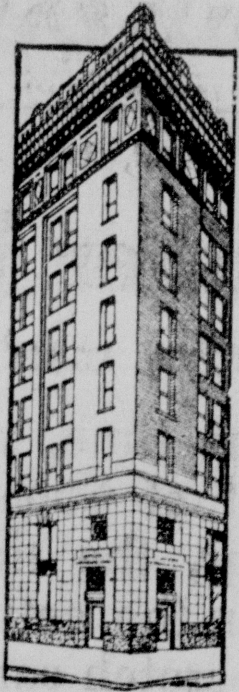

It will only take a few minutes of your time, and we know you'll find it interesting.

DR. H. H. FLETCHER  
MAYOR OF WINCHESTER

LOT FAVORED PRESENT INCUMBENT FOR OFFICE.

Result of Recent Election Gave George Thomas Same Number of Votes as Fletcher—Council Takes Charge of Drawing—Other Winchester Notes.

Dr. H. H. Fletcher was declared mayor of Winchester at a drawing held Friday. At the last election he and George Thomas received the same number of votes for mayor, 436. A canvas of the vote did not change the figures. By an agreement of the two men lots were cast for the office, under the direction of the city council, and the lot fell to Dr. Fletcher, who was declared mayor. The doctor has had the office previously and during that time has shown considerable interest in the welfare of the city.

McCandless Child Dies.  
Word has been received in the city by Miss Kate Watt of the death of Josephine McCandless, the little child of Mrs. Lucy McCandless of Fort Collins, Colo. Mrs. McCandless was formerly Miss Lucy Watt of Winchester. This was her only child, and she will have the sympathy of the community in her deep bereavement.

Household Science Club.  
The Household Science Club met Wednesday afternoon with Mrs. Daniel T. Smith. After the business session Mrs. P. R. Nelson gave a very interesting paper on "Our Boys and Girls." A delicious luncheon was served, the hostess being assisted by Mrs. Frank Mason, Mrs. P. R. Nelson, Mrs. J. Frost, Mrs. T. C. Hill and Mrs. Caroline McLaughlin.

Personal Mention.  
Mr. and Mrs. Patrick Quigley of Jacksonville visited Friday with Mrs. Nicholas Lashmet.

Mrs. Albert Hainsfurther and daughter, Julia, and Miss Madeline Hainsfurther, who have been visiting in St. Louis, returned home Thursday night.

James Burbank and grandson, Chester, of Bluffs, were Friday visitors in Winchester.

Mrs. George Willis of Alsey was shopping in Winchester Friday.

I. C. Dramatic Club Enjoy Annual Banquet.

A score of young men and women of the Illinois College Dramatic club, members of the cast which recently presented Hamlet at the Grand, enjoyed a 6:30 o'clock banquet Thursday evening at the Colonial Inn. The speeches which followed the dinner had to do with plans of the club for next year. It has been the custom of the dramatic club to hold such a banquet each year some time after presentation of the season's play.

Kitchen Rush for Mr. and Mrs. Evans.

Mr. and Mrs. Samuel Evans who were recently married were given a kitchen rush by Miss Anna Littig at the Salem Lutheran church Thursday evening, nearly forty young people being present. A musical program was given and contests of various kinds afforded amusement for the evening, and suitable presents were received by Mr. and Mrs. Evans.

FACULTY NAMES COMMENCEMENT SPEAKERS AT ILLINOIS COLLEGE

Earl Harmon and Arthur Petrie are Given Honors.

President Rammelkamp announced in chapel Friday morning that the two speakers from the senior class who will appear on the program at the commencement exercises are Earl Harmon and Arthur Petrie.

Mr. Harmon is a son of Mr. and Mrs. Arthur Harmon of East College avenue. He graduated with the class of 1911 at Routt college high school, spent a year at Routt college and one year at St. Mary's college, St. Mary's, Kansas, and entered Illinois as a junior. Mr. Petrie's home is in Franklin Grove, Ill. He is a graduate of the Illinois State school for the blind, where he took a four year course. Although being totally blind he has been one of the brilliant students of Illinois and has taken a thorough interest in all college enterprises.

EDITOR OF VIRGINIA ENQUIRER HAS BANKRUPTCY CHARGE PENDING

Albert E. Hinners, editor of the Virginia Enquirer, has had bankruptcy proceedings filed against him by Archibald Mains of Petersburg and Petefish, Skiles and Company, bankers of Virginia. The bill charges that Hinners is unable to pay his debts and that he is in a state of insolvency. It is also charged that while knowing that he was insolvent he made certain real estate mortgages with the intention of preferring favored creditors. The judgment against him is for \$4,937.50 as claimed by Mains and the bank \$75. The bill sets up that on March 4, 1915 while insolvent Hinners conveyed by mortgage his newspaper plant and equipment to his father, Henry Hinners to secure a loan of \$1,040.

## The Butterick School of Dressmaking

JACKSONVILLE is going to have this year the prettiest and the smartest crop of Summer Frocks that ever bloomed hereabouts; and what is more, it's going to be at a very much smaller cost of production than a good many women ever dreamed could be accomplished—all of this, provided that Mrs. A. Milligan, here from New York, to tell us how it's done, has her way. If anybody in the world knows how to show a woman how to make the most of her best points, and how to offset the defects of her figure—if there are any—so that folks will forget they ever existed, it is Mrs. Milligan, for she has had oceans of experience in just this sort of thing, and she comes fresh from the Butterick School of Dressmaking in New York, where such things are being worked out daily, and where there isn't anything new in fashions on this side of the Atlantic or the other that is not immediately reported.

The school Mrs. Milligan is now conducting at Hillerby's store, is only one of many which the Butterick School of Dressmaking in New York sends to various cities every month. Mrs. Milligan has been here over a week already, and she leaves on the third of May. "Now that the first pupils are completing their gowns and showing them to their friends, she remarked, 'more and more women are asking for appointments. I am usually very busy the last two weeks of my stay in any city. I take as many pupils as I possibly can, but the number is limited, because each pupil must get individual instruction.'

We are showing a lot of pretty stuff too. There's a special lot of wash silks and silk stripes worth 50c per yard at a special price . . . . . 29c yd

## JUMP FROM TRAIN PROVES FATAL TO LAD

EDGAR A. HART, AGED 15, LOSES LIFE NEAR MEDORA.

Son of Mr. and Mrs. Allen C. Hart of Waverly, who was injured by jumping off a C. P. and St. L. train at Medora, Wednesday evening, died at 2:55 o'clock Friday afternoon at Our Savior's hospital. At the time of the accident the young man in company with other boys from Waverly were flipping trains. Coroner Wright held an inquest last night, which will be concluded today at 12:30.

Edgar Hart, the fifteen year old son of Mr. and Mrs. Allen C. Hart of Waverly, who was injured by jumping off a C. P. and St. L. train at Medora, Wednesday evening, died at 2:55 o'clock Friday afternoon at Our Savior's hospital. At the time of the accident the young man in company with other boys from Waverly were flipping trains. Coroner Wright held an inquest last night, which will be concluded today at 12:30.

Last Wednesday Hart in company with four other boys, boarded a freight train on the C. P. and St. L. road intending to ride as far as Medora, where they would get on another train and return home. On arrival at Palmyra two of the boys were put off the train, the remaining three, Edgar Hart, Jesse McCracken and Orville Taylor continuing on the train until it arrived at Medora.

Finding the train was not going to stop they all three jumped onto the right of way. In speaking of the incident the father of the boy in his testimony before the jury said: "My son did not know that he was near a cattle guard and when he jumped he landed on the guards and was caught in such a manner as to badly injure his left knee and leg. The other boys then jumped from the train. It was probably ten o'clock that night when I received a telephone message stating that the boy was hurt and was under the doctor's care in Medora. I went there Thursday and brought my son to Waverly. Friday morning I brought him to Our Savior's hospital."

Dr. T. O. Hardesty in his testimony said in part: "I saw a patient just before noon Friday. He was brought to Jacksonville from Waverly over the Burlington at 10:20, and I saw him at Our Savior's hospital. He was in a bad condition, had no pulse, respiration about 60 per minute and was delirious. He had an extended wound on the right leg and knee that was in a gangrenous condition. He was practically in a dying condition when brought here."

The jurors in the case were M. V. Wyatt, foreman; C. C. Berryman, D. B. Haynes, T. C. Arenz, F. C. Sturgeon and J. W. Priest, clerk. The inquest was held at the undertaking parlors of Williamson and Cody where the inquiry will continue today. The witnesses will be Jesse McCracken and Orville Taylor.

The deceased was born in Waverly, Jan. 8, 1900 and besides his parents is survived by two brothers and three sisters. The twin brother of the youth was killed some years ago by the kick of a horse. The father of the young man runs a grocery and produce wagon.

Funeral services will be held Sunday afternoon at the family residence in Waverly and burial will be made in the Pulliam cemetery. The remains will be taken to Waverly this morning.

## LOCAL SPORTSMEN HAVE ELECTED THEIR OFFICERS

Morgan County Branch of New State League Begins Formal Work—Will Meet Twice Monthly—Mr. Schott Here for Address.

Sportsmen who are interested in the organization of the Morgan county branch of the Illinois Sportsmen's Game Protective League held a meeting at the court house Friday night when the following officers were chosen:

President—Chas. Sheppard.  
Vice president—Chas. R. Knollenberg.

Secretary—Bert Wyatt.  
Treasurer—Dr. W. P. Duncan.  
Directors—E. D. Pyatt, Chas. Magill, and Dr. W. O. Swales.

R. I. Schott of Quincy, who is well known to sportsmen throughout Illinois and Missouri was present at the meeting last night and gave some additional information concerning the proposed work of the league. Mr. Schott is the president of the Adams county branch and has made application for the charter to the state league. It is said that fifty branches are now in the process of organization and that various sportsmen's clubs are to be fused with the league. The league is on record as opposed to the selling of game which is killed within the state or is shipped from outside territory. The members are interested in certain desired reforms in the present Illinois game laws and believe in some instances there should be a shorter game season and smaller bag number. Already the Morgan county branch has a goodly number of enrolled members and the expectation is that within a short period or just as soon as the proposed work of the league is understood the name of every local sportsman will be on the roll. Meetings are to be held the first and third Friday of each month.

## CLARENCE L. DEPEW WILL TOUR COUNTRY

Services Loaned Temporarily to National Congress of Disciples of Christ.

Clarence L. DePew left Friday evening for Hammond, Ind., and Cincinnati, O., to work for the present as a traveling representative of the National Congress of Disciples of Christ. Mr. DePew's duties will take him over a considerable portion of the United States and he will be thus occupied until after the sessions of the congress which will take place in Hammond the first week in September. State affairs will be under direction of the Jacksonville office as before and Mr. DePew will retain his same position in the state work. The National Congress of Disciples of Christ secured his services through courtesy of the Illinois Christian Missionary society, by whom he is employed.

Mr. DePew will visit all state conventions possible of Disciples from now until September and will make report of these to the congress with especial reference to Sunday school work. Next week he will go to Pittsburgh and he will then attend conventions in West Virginia and Georgia. He will visit Colorado in the course of the summer and may attend conventions in Canada.

**"HENPECKED HENRY."**  
The type of henpecked husband played by Jack Trainor in the most conspicuous tabloid musical comedy success of the season, "Henpecked Henry" which will be presented at the Grand Monday and Tuesday is absolutely different from the accepted idea of a stage "Barnaby." Trainor's characterization has been pronounced an absolute creation. His "Henry Bowser" has stamped him as a character comedian second to none in the farcical field.

The expression "knocked 'em off their seats" is a pet phrase of vaudeville performers in speaking of the success of their act, but to Jack Trainor belongs the honor of really accomplishing this feat. During a recent engagement in Nashville, Tenn., a large fleshy man, occupying an aisle seat in the third row of the parquet, became so exhausted with laughter at Trainor's comedy, that he slipped out of his seat and the ushers had to assist him to his feet.

A carefully chosen company of farceurs has been selected to support Mr. Trainor. The chorus has been costumed with care and can sing and dance to a marked degree.

## MARK MYERSTEIN DEAD AT HIS WHITE HALL HOME

One of the Oldest Greene County Attorneys—Funeral Will be in Park Sunday—Address by Congressman Rainey.

The oldest members of the Greene county bar died at his home in Whitehall about four o'clock Friday morning. Mr. Myerstein had been in poor health for more than a year but his final illness covered a period of only two weeks. He was 78 years of age and had spent the larger part of his life in Greene county, his practice extending over quite a territory beyond the limits of his home town.

Mr. Myerstein is survived by his wife, two sons and two daughters. Mark Myerstein, Dr. W. H. Myerstein, Mrs. J. S. Porter of Whitehall and Mrs. H. Z. Greene of Alton. The deceased was vice president of the People's bank of Whitehall and for many years had been prominently identified with business interests of Whitehall and Greene county. He was a man of liberal views and had no church connection. For a long period he was prominent in the meetings of the ethical society of Whitehall which in late years was known as the Topic club.

It was the wish of the family that the funeral be private but it was found that this would not be possible since so many long time friends wished to attend. It has therefore been arranged for a service to be held Sunday afternoon at the Whiteside Park when Congressman Rainey will deliver an address.
